

College Presentation

Activity #27

College Representatives visit Pratt High School. They talk about their college, but they also give you great information about college in general. This visit gives you a chance to learn and ask questions.

Sign up to attend a Pratt High School college visit during seminar. Listen for information in the areas below. Write down 4 sentences about what you learned that was useful. Please ask questions. You might want to use some of the questions you would ask if you were on a college visit. Feel free to give suggestions of what you would have liked to learn more about.
