

## STUDENT ORGANIZATIONS

Subject to administrative and board approval students may form clubs and other groups organized to promote or pursue specialized activities outside the regular classroom. Membership in student organizations, whether school sponsored or secondary level student initiated non-school sponsored, must be open to all interested and eligible students. The building principal and the board shall approve school sponsored student organizations, and a staff member shall attend the meetings or activities to supervise use of the facilities by all student organizations as an advisor or supervisor.

### School Sponsored Student Clubs

The administrator shall establish regulations for the financing and operation of school sponsored clubs, and for the use of school facilities.

School sponsored clubs shall be under the direct control of school personnel and have a designated school supervisor. Every school sponsored club shall have a constitution which has been approved by the building principal and filed in the school office.

### Student Government

Student councils under the direct control of the building principal or designated faculty representative may be established. Student councils may exercise only the authority delegated to them by the building principal.

( Instructional time is the period of 8:25 a.m. to 3:20 p.m. on days school is in session for students. Instructional time shall include lunch period and the PHS Wednesday activity period.) Non-school sponsored student initiated clubs shall submit a request for use of school facilities prior to using the facilities.
