For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses employed by the district may only take an aggregate of 12 weeks of leave for a birth or adoption of a child or to care for a child with a serious health condition.

Leave is available because of (1) the birth of a son or daughter of the employee and to care for the son or daughter; (2) the placement of a son or daughter with the employee for adoption or foster care; (3) the need to care for a spouse, son, daughter or parent of the employee because of a serious health condition; or (4) a serious health condition of the employee that prevents the employee from performing the job functions. (Leave for

reason 1 or 2 must be taken within 12 months of birth or placement.)

The leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, sick or disability leave that is available for use because of the reason or the leave, the paid leave shall be used first and counted toward the annual family and medical leave. The superintendent will notify the employee of the beginning date of family and medical leave and the amount of the employee's accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave upon completion of 12 months of service in the district and employed at least 1250 hours during the preceding year.

During the period of any unpaid family and medical leave the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date, or other time as the employee and superintendent may agree. The board may terminate group health coverage if the employee payment is not received within 30 days of the due date.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as practicable.

Upon the employee providing notice of need for leave, the employer will notify the employee of:

1. The reasons that leave will count as family and medical leave,
2. Any requirements for medical certification
3. Employer requirement of substituting paid leave,
4. Requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share.
5. Right to be restored to same or equivalent job,
6. Any employer required fitness-for-duty certifications.

Family leave (reasons 1 or 2) may not be used intermittently or on a part-time basis without the prior approval of the superintendent.

Article 7-IJ – Family and Medical Leave Plan *(continued)*

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks and the return would occur during the last three (3) weeks of the semester.

If the leave is for a reason other than the employee's serious health conditions, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. The leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two (2) weeks of a semester, or,
2. The leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

K. ASSAULT LEAVE

If a certified staff member is hospitalized or at home under doctor's orders due to a physical assault arising out of and in the course of employment as covered by Workers Compensation, no loss of pay or accumulated leave time will occur. District insurance, KPERS, or Social Security disability will be primary in paying this benefit. If pay from the primary provider is less than salary, the district will pay the difference.

The estate of a deceased employee is not entitled to this benefit. If the staff member has been declared permanently disabled and receives disability benefits, she/he will no longer be eligible for this benefit.

PRATT UNIFIED SCHOOL DISTRICT NO. 382

TEACHER EVALUATION

Purpose of Teacher Evaluation

Teacher evaluation is an ongoing process of improving and monitoring instructional effectiveness and overall performance of the teacher by observing instruction, reviewing artifacts of teaching, reviewing evidence of student learning, and establishing professional goals.

Summative evaluation is the periodic objective assessment of a teacher's overall performance. This comprehensive assessment should identify the teacher's strengths, areas needing improvement and provide direction of continued professional growth and development. Summative evaluations are based on the school district's performance area competencies, state law, and board of education policies.

Evaluation Process

- Annually, each teacher shall establish personal goals following the process outlined on the Annual Professional Goal sheet (Appendix A). This instrument is designed as a positive growth instrument and is neither optional nor punitive.
- Certified staff in their first two consecutive years of employment will be evaluated twice per year, at least one time in each full semester of employment by no later than the 60th day of school.
- Employees in their third and fourth years must be evaluated at least one time per year no later than the 15th of February.
- After the fourth year, employees will be evaluated at least once every three years and by February 15 of the school year in which the employee is being evaluated.
- The supervising administrator will schedule a pre-observation conference with the teacher in order to discuss the objectives planned during the observation, specific professional goals, and areas that either party has targeted for assistance. This pre-conference and the annual goal-setting conference may be conducted concurrently.
- The administrator shall observe the teacher following the pre-observation conference. This observation shall not preclude other informal observations of the teacher.
- Following the observation, the administrator shall schedule an evaluation conference with the teacher. The teacher may bring a self-evaluation or other documentation (student/parent surveys, portfolios, peer observation data, etc.) to the conference if desired. They may be attached to the supervisor's formal evaluation at the employee's discretion.
- If needed, as a result of the observations and conferences, a Professional Improvement Plan (Appendix B) will be filed to assist the teacher in documenting improvement.
- The formal evaluation must be signed by the administrator and the employee. The teacher may respond in writing within two weeks of the time the conference is held. Signed copies shall be made for the principal, teacher and superintendent.
- In the event the teacher disagrees with the evaluation, a review by the superintendent may be requested. Such request must be in writing and submitted, with a copy to the evaluator, within two weeks of the conference.
- Written communication shall be sent to the employee on or before the third Friday in May if employee's contract is to be terminated at the close of the school year. The notice of termination must have prior approval by the Board of Education.
- The employee must notify the Board of Education on or before the 14th calendar day following the third Friday in May of intent to discontinue employment.
- The evaluation report will be considered confidential and maintained in a personnel file for each employee for a period of not less than three years from the date each evaluation is conducted per Kansas statute.
- The teacher's file in the principal's office shall be open to the inspection of the teacher at all times, except for credentials and other related papers from teacher placement bureaus which are confidential.

Article 16 – Reduction in Teaching Staff (*continued*)

B. CRITERIA TO BE CONSIDERED IN REDUCING STAFF

1. The board shall attempt to accomplish a reduction in teaching staff by attrition. Should the reduction in

force become necessary, the following procedures will be used when two or more tenured teachers are certified for a position. All individuals qualified for the position will be measured against the factors listed below. The index will be taken times the points in a given area; reduction in personnel will occur in ascending order until all reductions are made. It is the responsibility of the individual staff member to keep their personnel file current as to semester hours, professional development points, extracurricular activities, qualifications, and certification.

FACTOR	INDEX	POINTS
Total Years Experience (Teaching only, in-district or out-of-district)	15	First Year = 1 2-5 Years = 2 6-10 Years = 3 11-15 Years = 4 16-19 Years = 5 20+ Years = 6

FACTOR	INDEX	POINTS
Total Semester Hours/or Comparable PDC Points	10	BS = 1 BS+15 Hours = 2 BS+25 Hours = 3 MS = 4 MS+15 = 5 MS+25 & over = 6
Extra-Curricular Activities and Committee Work (use last two years)	10	Non-participation =0 1 Activity = 1 2+ Activities = 2
Certificate Endorsements	10	1 pt. for each endorsement
Annual Evaluation	15	3 pts. if no “unsatisfactory” marks in last two evaluations 5 pts. if no “improvement required” or “unsatisfactory” marks in last two evaluations

2. Non-tenured teachers will be non-renewed before any tenured teacher with the same certification.
3. In the event two employees have exactly the same index, the employee with the longer continuous full time service to the district shall be retained. If the index is equal, and the years of service are equal, the Board of Education shall make the final determination.
4. No teacher shall be RIF'd as a result of race, creed, color, religion, age, national origin, sex domicile, marital status, membership in the Association or participation in the negotiation process.

Article 16 – Reduction in Teaching Staff (*continued*)

If both agree that a paraprofessional is needed, they shall meet and confer with the superintendent. If all three agree, a paraprofessional may be hired for all or a portion of a day. At the high school level, the teacher shall first confer with the department chair, when appropriate.

ARTICLE 18 EARLY RETIREMENT

A. Employees of the school district who have been under uninterrupted contract beginning prior to July 1, 1998, and who may find it necessary or desirable to retire from employment with the district prior to normal retirement age may elect to take early retirement under the terms and conditions set forth in the policy*. The school district offers this benefit to assist early retirees in bridging the gap between their retirement and receipt of normal Social Security benefits. Early retirement is entirely voluntary and at the discretion of an eligible employee. Early retirement benefits, under this agreement, last for a maximum of five (5) years.

B. Eligibility--An employee is eligible for early retirement if such employee:

1. Is currently an employee of the school district.
2. Was employed by contract prior to July 1, 1998, and has uninterrupted service.
3. Is not less than 60 years of age &/or meets the “window” for benefits under the Kansas Public Employees Retirement System (KPERs) (85) and, in accordance with the school district’s intent that this arrangement is a Social Security bridge, not more than 65 years of age.
4. Participants must have fifteen (15) years of service in USD. #382. The last five (5) years, including the year during which application is made for early retirement, must be continuous.
5. Has 20 years or more of service credit recognized by (KPERs).

Article 18 – Early Retirement (*continued*)

C. Application--An employee may apply for early retirement by giving written notice to the Clerk of the Board. Such written notice shall be submitted on or before the first (1st) day of April preceding the anticipated retirement date and include the following information:

1. A statement of the applicant's desire to take early retirement.
2. The anticipated date of retirement.
3. The applicant's birth date and age on the date of retirement.
4. The current mailing address and telephone number of the applicant.
5. The number of years applicant has been employed by the school district.
6. The total number of years of service credit recognized by KPERs.
7. Applicant's current annual salary.
8. The annual payment shall then be divided by twelve (12) to determine the amount to be paid monthly until such time that the participant reaches 65, has received benefits for five (5) years, or is deceased. Monthly payments will be made on normal payroll dates.
9. Whether the applicant desires health insurance coverage through the school district's health insurance program by deduction of annual premiums from the early retirement benefit or by personal payment.

An employee desiring early retirement must also provide the school district such information as it may reasonably require to ensure the early retirement incentive program operates as a Social Security supplement. Following final action on any application for early retirement, the Clerk of the Board shall notify the applicant, in writing, of the final disposition and the date and amount of monthly early retirement benefits to be paid.

An employee may make application for early retirement 1 to 2 years prior to the actual date. In this case, early retirement benefits will be calculated using the highest salary step attained by the employee. This would allow for the potential of continued part time employment without jeopardy to potential early retirement benefits.

D. Early Retirement Benefits - The amount paid to the participant shall be determined by subtracting the base of the salary schedule from the employee's base salary (projected to full time base if employee is less than full time) for the year in which application for early retirement is made. The difference in these two figures shall be multiplied by sixty (60%) percent to determine the amount that would be paid annually to the participant. If a certified employee's base salary exceeds Step 14 MS + 45 column, then the multiplying factor shall be 30%. The benefit shall not be less than the salary schedule base and the top of salary schedule. The annual payment shall then be divided by twelve (12) to determine the amount, to be paid monthly until such time that the participant reaches 65, has received benefits for five (5) years or is deceased. If less than full time, the benefit will be calculated based on the percentage of the employees FTE. Notwithstanding the foregoing, in no event will the monthly benefit of any participant exceed the monthly amount which the participant would be entitled on account of normal retirement under the Social Security Act. Monthly payments will be made on normal payroll dates.

E. Terms and Conditions - The following terms and conditions shall apply to the school district's early retirement plan:

1. Any application for early retirement shall be granted by the board of education.
2. The annual early retirement benefit shall be payable by the school district in twelve (12) equal installments.
3. An employee taking early retirement shall have the option to maintain health insurance coverage through the school district's health insurance program by agreeing to a deduction of health insurance premiums from the early retirement benefits or by premium payment with a personal check.
4. All early retirement benefits shall automatically terminate at the time an employee reaches age 65, has received benefits for five (5) years, or is deceased, whichever occurs first.

Article 18 – Early Retirement (*continued*)

5. Health insurance may be maintained under the district’s plan until the employee reaches age 65 or is deceased. (See #3 above for payment options)
6. An employee who takes early retirement shall have the responsibility to keep the school district informed of his or her current mailing address and telephone number.
7. If the Pratt USD 382 Employees Early Retirement plan should be rescinded, those employees that currently have applied and qualified will be “grandfathered” until their qualification expires.
8. All employees who have applied and qualified for early retirement benefits prior to April 1, 1995, shall receive benefits until they are sixty-five (65) or until they are deceased.
9. All employees who have applied and qualified for early retirement benefits prior to April 1, 1996, shall receive benefits for six (6) years or until they are sixty-five (65) or until they are deceased.

INTERROGATION AND INVESTIGATIONS

(See EBC, GAAD, JCABB, JCEC and JHCAA)

Building administrators and others designated by the superintendent may conduct investigations and question students about infractions of school rules or the student conduct code.

If there is reason to believe a violation of a criminal law has been committed, the principal shall notify the appropriate law enforcement agency and may request further investigation of the alleged violation.

Coordination with Law Enforcement

School administrators shall/may meet periodically with local law enforcement officials to discuss the district's policies and rules regarding law enforcement contacts with the district.

Investigations Conducted by Law Enforcement Officers

When law enforcement officers question a student on a topic unrelated to a report of child abuse during school hours, the building principal shall make a reasonable attempt to contact a parent, guardian or representative of the student(s) prior to questioning. Notification or attempted notification of parents, guardian or representative shall be documented by the administrator involved. If a student's parents, guardian or representative is not present during questioning of a student, the principal may be present.

If a demonstrated emergency is found, the principal shall require identification of law enforcement officials and reasons for the interrogation or investigation of a student. If the principal is not satisfied with either the identification or the reason, the request shall not be granted. The principal shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

Violations of Criminal Law

Information on criminal conduct shall be turned over to law enforcement officials. (See EBC)

Taking Students Into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement or Department for Children and Families (DCF) authorities pursuant to a child abuse investigation. Except as otherwise specified in this policy, reasonable effort shall be made to notify the student's parents, guardian or representative when students are removed from school for any reason. Parents shall not be notified by school officials when their child is taken into custody by DCF and/or law enforcement as a result of allegations of abuse or neglect. (If a student is taken into custody by a campus police officer, school administrators shall make a good-faith effort to contact parents.) Notification efforts shall be documented.

When a student has been taken into custody or arrested on school premises without prior notification to the building principal, the school staff present shall ask the law enforcement officer to notify the principal of the circumstances as quickly as possible and shall themselves contact the principal with any information they have regarding the child being taken into custody.

Disturbance of School Environment

Law enforcement officers may be requested to assist in controlling disturbances at school and, if necessary, to take students or other persons into custody.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The assistant superintendent, Pratt USD #382, 401 S. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

Formal Complaint Procedures

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested

persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy forwarded to the complainant no later than 30 days after the filing of the complaint.

- ◇ If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

- ◇ If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.

- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

- The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board. The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a written determination of the complaint's validity and a description of its resolution within 30 days after the appeal is filed.

- If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent it reoccurrence. The district prohibits retaliation or discrimination against any person for opposing discrimination, including harassment; for participating in the complaint process; or making a complaint, testifying, assisting, or participating in any investigation, proceeding, or hearing.

- Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Officer for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission or the Kansas Human Rights Commission.

Good faith efforts shall be made by all staff to implement district school improvement plans. The board shall monitor compliance.

The board is committed to implementing and sustaining the foundational structures defined within the KESA process as well as defining and implementing district-wide goals in alignment with the KESA rubrics.

In order for accreditation to be achieved the board shall commit to school improvement for all district schools, academic achievement for all district students, and results-based professional development for all district staff members. The superintendent shall regularly report to the board on the district's progress toward full accreditation within the 5 year cycle defined as part of the KESA process.

The board shall fully inform the public in languages commonly used in the community about district-wide goals, school improvement plans, the progress of school improvement efforts, the accreditation status of the district, and other pertinent information as the board may direct.
