

Activity #17 Researching Your Future

1. Find an article in a career magazine or online that is of interest to you. Write a short paragraph about what you learned.
 - a. Tell me if this career would be a good fit for you. Give me three reasons to support your answer.
 - b. College articles—Tell me how you will put this new information in action.

Bring in the article for some one to look over. If you found the article on line, attach the correct website address. This way we can build our files of helpful articles for other students.
