

April 1, 2026

Our coaches are excited about our upcoming summer of Greenback Sports. Here is general information about the Greenback 2026 summer sports programs. Please contact your specific coach for program specific information. Their email addresses are found on the next page.

General Summer Information:

- Also, to participate this summer, each athlete must have a physical on file from the 2025-2026 school year or a new physical for the 2026-2027 school year dated after April 1, 2026
- The PHS commons restroom will be available, but the locker rooms will be closed for the summer for maintenance purposes.
- All transfer students must be pre-enrolled through the PHS Counseling Department in order to participate in summer programs.

LOOKING AHEAD TO FALL: In order to participate in Fall Practices starting August 17, 2026 the following additional items must be completed:

- Current new KSHSAA Physical on File (dated on or after April 1, 2026)
- Concussion Release Form (dated on or after April 1, 2026)
- Extracurricular Guidelines / Transportation Waiver
- Athlete Concussion Inservice Completed.

KSHSAA has instituted a Summer Dead week to give families more time without school activities. The week is from Monday, June 29 – Sunday, July 5. During this week, no PHS/LMS coach organized practices, games or events may take place on or off campus. This is a great week to plan a family event or vacation. Per KSHSAA, participation in such activities will result in missing practices/games next year.

The KSHSAA catastrophic and liability insurance policy does not cover athletes during the summer months. The school does purchase limited secondary medical coverage for athletes participating in PHS summer **coach organized sports** workouts. (Weightlifting is NOT covered under this policy) Also, It does not cover competitions or football jamborees.

Our success at PHS is due to multiple sport athletes and especially the three season sport athlete. PHS Coaches do a great job of coordinating summer activities to allow students to participate in multiple activities. But family vacations, camps and other activities are part of summer, and we understand flexibility is critical on behalf of each athletic program. Just a reminder that per KSHSAA policy, no coach or school representative may require or, by implication, direct a student to attend a sports camp as a condition of team membership for next year.

If you have any questions, please feel free to contact Chris Battin or myself.

Go Greenbacks! David Swank – Activities Director

SUMMER 2026

PHS Sports Opportunities

We are looking forward to summer sports camps for athletes grades 9-12. Please e-mail our Head Coaches directly if you have questions about their summer program.
