

LIBERTY MIDDLE SCHOOL

FROG FOCUS

April 12, 2024

A few of the things that have been happening at LMS include; the floor is lava review lesson, math celebrating the end of state assessments, a solar eclipse, schedule changes, and ELA assessments, we have been rocking and rolling. Plans are taking shape for the Italian dinner in a couple of weeks! Look for more details soon. We will be holding our transition meetings for all athletic events and activities next Wednesday. All students will get a chance to meet with coaches and sponsors during 7th hour. Spring also brings field trips and each grade level will be traveling soon. Please make sure to get permission slips signed and returned. Spring is a busy time of year but our students and teachers are persevering and keeping their noses to the grindstone.
