

LIBERTY MIDDLE SCHOOL

FROG FOCUS

April 19, 2024

This week we got to host high school state festival and welcome many bands to our building. Mrs. Hodgkinson's classes completed their geometry city projects this week and they invited me in. Track athletes are doing wonderful in mostly less than great conditions. We are proud of them! All students received athletic and activity information for the upcoming summer and school year this week. We are also preparing for field trips on Monday for 5th, 7th, and 8th grades. The Italian Dinner is April 26th for 6-8 grade students. There is additional information on our LMS Facebook page, check it out. The year is winding down and you can feel it in the building, we continue to dance on Friday to start the day with positive energy.

Hill's Headlines
