

# LIBERTY MIDDLE SCHOOL

# FROG FOCUS

March 1, 2024

Congratulations to our PHS boys basketball team and best of luck tomorrow. The spring gets extra crazy and I always feel the pressure of ending one school year and planning to start another one. Yes, planning for 24-25 academic year is in full swing. However, we have so much to look forward to finish the last quarter. Our music educators spent a few days last week at KMEA music festival and this year they took six LMS students with them. The day was a huge success and we are proud of their hard work. The very much anticipated dodgeball tournament will take place next week and the kids are very excited about it. Just a reminder our SLAB (student-led advisor based conferences) are Monday and we do not have school for students.

## Hill's Headlines
