Dear Parent:

This letter is to let you know that you may access the most current district/ state report card online at the following website: <https://ksreportcard.ksde.org>

Our district and school code is as follows: D0382- Southwest Elem (Building 5088)

This report is required and prepared by the Kansas State Department of Education. The report provides information concerning student performance on the Kansas Assessment Program (KAP), as well as information on student enrollment, class size average, and financial expenditures, among other categories.

The information contained in the School Report Card is required by federal law. The report for our school may or may not have all the information described because the information presented depends on whether the school is an elementary, middle or high school.

Federal law requires that the School Report Card display information about the state, the district, and the school. Where possible, the information must be reported by race/ ethnicity and socioeconomic status of the students and must include at least two years of results.

Please contact me if you have any questions concerning access to the district/ state report card online.

Sincerely,
